DECOSTAR®
TITAN
46865 VWFL

Description and features

The elegant DECOSTAR MULTISPOT® ceiling luminaire creates pools of light wherever they are needed.

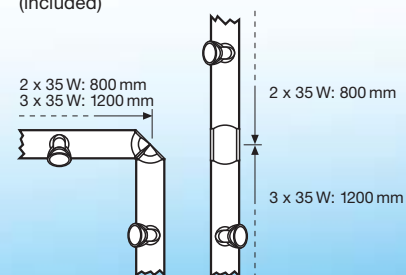

- Luminaire heads can be rotated through 180° and swivelled through 90°
- With extra slim HALOTRONIC® HT 120 LF electronic transformer
- Can be controlled by trailing-edge phase dimmers
- Can be installed singly with mounted end pieces
- F version for fixed connection for use as a single luminaire, in strip lighting or in luminaire structures.
- Axial connectors and angled end pieces included.

Technical data and equipment

- Equipped with DECOSTAR® Titan 46865 VWFL dichroic reflector lamp
- Mains voltage: 230-240 V/50 Hz
- IP20
- Colour: white (luminaire heads/end pieces in light grey), silver (luminaire heads/end pieces in mid-grey)

System end pieces for luminaire structures (included)

Typical installation with system end pieces

Description and features

DECOSTAR® STUDIO IRC 35 W and DECOSTAR® STUDIO IRC-P 35 W offer two quick and easy ways to create brilliant spotlights using economical halogen light.

DECOSTAR® STUDIO IRC 35 W

- Attractive high-intensity halogen adapter
- With E27 screw base
- With 35 W IRC energy-saving halogen lamp which provides as much as light as a 50 W halogen dichroic reflector lamp. It offers electricity savings of 70% compared with PAR 38 lamps and is extremely durable (4000 hour life)
- With integrated HALOTRONIC® electronic transformer
- Can be controlled by trailing-edge phase dimmers

DECOSTAR® STUDIO IRC-P 35 W

- Complete decorative pendant luminaire based on the DECOSTAR® STUDIO IRC halogen adapters
- Interchangeable pendant cable with ceiling rose in place of E27 base

Technical data and equipment

- Equipped with DECOSTAR® IRC 48865 WFL 35 W lamp
- Mains voltage: 230 V/50 Hz
- IP20

DECOSTAR® STUDIO IRC 35 W

- Colour: white, silver

DECOSTAR® STUDIO IRC-P 35 W

- Colour: white
