

YOU'LL ONLY SPOT THE DIFFERENCE ON YOUR ELECTRICITY BILL...

OSRAM is introducing the NEW HALOGEN Energy Saver range as a direct replacement for the classic light bulb. They save up to 30% energy without compromising their familiar light and look. They work with the same dimmers, existing light fittings and they are fully recyclable.

**Up to 30%*
ENERGY SAVING**

- 2 x Life time
- Warm light
- Dimmable

The Same but different...
